- (ii) Contract Period: Contractual engagement will be for a period of 01 (one) year, extendable by another 01 (one) year subject to a maximum period of 02 (two) years. The said contract period will be extendable depending upon requirement of the company, performance of the individual, conduct, fitness etc.
- (iii) Age Limit: As on the date of registration for Walk-in-Interview.

1.0 Details of Walk-in-Interview:

Interested candidates meeting the above eligibility criteria should report for registration for the Walk-in- Interview process at the following venue as per the schedule given below:

Venue: Mahanadi Basin Project (erstwhile Bay Exploration Project), Oil India Limited, IDCO Towers, 3rd Floor, Janapath, Bhubaneswar-751022, Odisha, India.

Contractual Engagement Requirement	Date and Time of Registration*	Date of Walk-in-Interview#
Contractual Chemist	16/08/2024 9:00 A.M. to 11:00 A.M.	16/08/2024
Contractual Drilling Engineer		
Contractual Geologist		
Contractual Civil Engineer		

*No candidates will be allowed to register after 11:00 AM as stated herein above.

NOTE:

#. If the total number of candidate(s) registered for the Walk-in-Interview on the above scheduled date is beyond the adequate limit/capacity, please note that the Walk-in-Interview for the remaining registered candidate(s) will be carried forward/completed on the subsequent day(s), as required, which will be informed to the candidate(s) on the date of the registration.

2.0 Candidates must bring the following document(s)/certificate(s)/testimonial(s) in originals while reporting for the Walk-in-Interview process:

- a) Filled in Personal Bio-Data Form (format given on the last 2 pages of this advertisement).
- b) 01 (One) recent 3cm X 3cm coloured photograph.
- c) Valid Identity Proof and valid Address Proof from Competent Government Authority.
- d) Date of Birth (DOB) proof i.e., Birth Certificate or Class X certificate containing DOB.
- e) Admit Card, Marksheet and Pass Certificate of Class 10 issued by the concerned Government Recognised Education Board; Document(s)/Certificate(s)/Testimonial(s) of essential qualification(s) and Experience Certificate(s).

- f) Valid Caste Certificate (SC/ST/OBC), if applicable; Valid Non-Creamy Layer certificate, if applicable; Valid Income and Asset Certificate to be produced by Economically Weaker Sections, if applicable; Valid Disability Certificate, if applicable; Valid Discharge Book/Service and Release Certificate for Ex-Servicemen (Pages containing Personal Particulars and Service Particulars), if applicable.
- g) No-Objection Certificate from concerned employer, in original, in case the applicant is working in any organization.
- h) A set of self-attested photocopies of all applicable document(s)/certificate(s)/testimonial(s) as mentioned above.

2.1 Candidate(s) without original document(s)/certificate(s)/testimonial(s) will not be allowed to appear in the Walk-in-Interview.

2.2 Candidates meeting the eligibility criteria will only be allowed to appear in the Walk-in-Interview.

3.0 Selection Criteria:

- a) The candidate will be selected based on Walk-in-Interview of total 100 marks.
- b) The minimum qualifying marks will be 50 for all categories.
- c) The breakup of 100 marks will be on, Professional Knowledge and skills (in concerned discipline), Professional Knowledge and skills (in allied discipline), Personal Attributes and Soft Skills.
- d) Final selection from among the candidates who have appeared and secured the minimum qualifying marks of 50 in the Walk-in-Interview will be only on the basis of merit as per the marks obtained in the Walk-in-Interview.

4.0 Experience, Job Profile, Duty Responsibilities/Accountabilities, Skill and knowledge:

I. Job Profile, Duty Pattern and Responsibilities of Contractual Chemist:

- a) To be posted at Mahanadi Basin Project, Oil India Limited, Bhubaneswar, Odisha for attending well site duty on 21 (twenty-one) days ON duty & 21 (twenty-one) days OFF duty pattern.
- b) To liaise with Company Representative of OIL, Mud Engineering Personnel and Drilling Fluid Manager of Contractor.
- c) To supervise the day to day well-site operational activities of the contractor.
- d) To supervise mud treatment and proper use and maintenance of solids control equipment and ETP.
- e) To coordinate with the personnel of Effluent Treatment Plant (ETP) at the well site and during well cementation job as and when required.
- f) To forecast Material/ Chemical requirements for well site operations and liaise with Drilling Fluid Manager/Drilling Fluid Engineer of Contractor to ensure timely purchase, preparation and delivery of sufficient stock.
- g) To supervise rig site chemical inventory and an accurate record of supply and consumption is maintained by the contractor and reported according to company and contractual requirements.
- h) To ensure provision of a complete, accurate and informative Daily Drilling Fluid Report in accordance with company procedures and contractual requirements.
- i) To ensure provision of a complete, accurate and informative Well Summary Report (End of Well Report or Well History) in accordance with company procedures and contractual requirements.
- j) To ensure proper inventory of testing equipment and chemical reagents is maintained and that all drilling fluid test equipment at well site is well maintained and regularly calibrated according to procedures.
- k) To make regular contact with well site HSE Officer and Company Representative (Installation Manager) and attend all company and operator organized QHSE meetings.

- l) To ensure correct and appropriate use of Chemicals, Services and Resources.
- m) To ensure knowledge in solving downhole problem during Pipe stuck, Loss Circulation, Mud Loss and Well Kick at the rig.
- n) Should have knowledge and skill in computer usage in computer usage for computing mud hydraulics calculation, mud volume calculation, hole volume Calculations etc.
- o) Should be well versed in speaking, writing and communicating in English with good communication skills and self-initiative.

II. Experience, Job Profile and Responsibilities of Contractual Drilling Engineer:

- a) To be posted at Rig site under 21 days (minimum) ON/OFF duty pattern.
- b) Candidates should be able to operate AC/SCR, drilling rigs and workover rigs with knowledge on operation of the rigs and down hole complications and be able to take decisions relating to down hole and surface problems in drilling/workover wells, operating draw works & handling of brake.
- c) The candidates should have knowledge to identify and do the necessary trouble shooting of the rig equipment and tools and have knowledge of HSE & statutory rules & regulations as per Mines Act, OISD rules etc.
- d) The candidates should be able to detect well control situation and overall management of the well site crew with good inter-disciplinary skills and he/she should be conversant about mud chemicals & maintenance of mud property.
- e) The candidate must possess a valid Well Control Certificate (IWCF Level-4/IADC-L4.)
- f) The selected candidates will function as Company Representative in drilling wells and will be in-charge of well operations.
- g) The selected candidates will receive and dispatch well consumables/materials at/from well site.
- h) The selected candidate will send daily progress report regarding all operations at rig site in Company's DPR format.
- i) Selected candidates will supervise well operations, provide technical guidance and ensure safety in all respects at rig site.
- j) The selected candidates will hold daily Tool-box meeting, Pit level meeting, Job safety analysis, Fire Drill, BOP Drill etc. as per standard practice.
- k) The selected candidates will coordinate the activities of all service providers.
- l) The selected candidates will be responsible to carry out all operations as per the well policy and/or as directed by Company officials designated by HOD.
- m) The selected candidates will report to Installation Manager/Operation Manager and be guided by him as regards operations and safety related issues.
- n) The selected candidates will be responsible for maintaining all relevant well records, safety documents and test reports.
- o) The selected candidates will be responsible for proper functioning of well-site/base camp.
- p) The selected candidates will be responsible for ensuring compliance of all contractual obligations by the service providers.

III. Skills & Knowledge of Contractual Drilling Engineer:

- a) Should have practical field experience and knowledge of various operations of drilling and workover activities.
- b) Should have sound knowledge of drilling and workover installation safety, environment protection guidelines issued by various government and internal agencies.
- c) Should be aware of latest developments in Improving safety and environment in drilling and workover installations.

- d) Should have strong people managerial skills and dealing with public.
- e) Should have working knowledge in computer.

IV. Experience, Job Profile and Responsibilities of Contractual Geologist:

- a) Overall responsible for geological representation on site during drilling operations.
- b) Execute wellsite geological operations including various well data acquisitions.
- c) Active participation in critical decisions through interpretation of all available data.
- d) Supervise subsurface service company personnel and ensure all equipment's provided by contractor are in line with the program and contract.
- e) Identify and evaluate drilling hazards, timely advising rig team about geologic risks and drilling safety.
- f) Monitor pore pressure and fracture pressure against Mud parameters in real-time using drilling, Mud, Mudlogging, LWD, Gas and cutting data, timely advising rig team about any bore-hole stability and pore pressure issues.
- g) Cutting sample evaluation and description: Lithology, grain size, sorting, roundness, porosity, consolidation, cementation.
- h) Hydrocarbons show analysis and description: stain, visual cut, surface fluorescence, cut fluorescence, percentage of HOT (heavy oil/tar) occluding porosity.
- i) Advise MWD and mud logging personnel of program requirements and revisions and ensure delivery of program objectives.
- j) Execute on site decision to initiate coring, intermediate logging, continuation, or halting drilling at casing points etc. after seeking approval.
- k) Witnessing wireline logging operations, including LQC, quick look interpretation of logs.
- l) Prepare and transmit daily morning and evening reports along with mudlogging, LWD, and wireline logging files and interpreted data, acquired since last report.
- m) Regular interface with operations team at base.
- n) Awareness and adherence to OIL's HSE policies and Code of Conduct.

V. Skills & Experience of Contractual Geologist:

- a) At least three years oil industry experience of working as Wellsite Geologist in exploratory wells.
- b) Experience of doing lithology descriptions, hydrocarbon show detection and interpretation.
- c) Experience of supervising, witnessing, QC and interpreting data from mudlogging, LWD wireline logging services.
- d) Demonstrated ability to effectively communicate with Company man, and coordinate activities with directional driller, MWD/logging engineer, mud engineer and office-based operations geologist.
- e) Strong computer skills, particularly with MS Excel and other industry software such as GEO.
- f) Ability to focus efforts and prioritize work under pressure and adapt effectively to fast-paced operations.
- g) Comfortable working in a remote, physically demanding environment.
- h) Excellent communication skills having fluency in English, strong team player, open and transparent communicator across multiple oilfield disciplines.

VI. Experience, Job Profile and Responsibilities of Contractual Civil Engineer:

- a) The candidates should have experience of executing major building/ infrastructure/ road related projects.
- b) Candidates should have knowledge of relevant IS codes of practice for Civil Engineering works.
- c) To execute and support all civil project activities related to on-going and upcoming Oilfield Projects of Oil India Limited conforming to safety standards at various locations.
- d) Preparation of specification of all civil components related to respective Projects & Cost Estimate of works following CPWD-DSR or relevant State Govt. Schedule of Rates including market rate analysis as per requirement.
- e) Preparation of civil layout drawings/ plot plan/ soil testing/ contour survey of installations.
- f) Preparation of detail specification of civil items along with quantity.
- g) Examine/ analyse/ approve civil diagrams/ drawing prepared by Contractors.
- h) Calculate civil items / equipment's requirement at site and maintain inventory.
- i) Oversee installation of civil components at oilfields as per industry practice.
- j) Ensure compliance of execution of all civil jobs at site as per contract terms & conditions.
- k) Inspections of material & witness requisite tests at site & take samples of materials for laboratory test from approved laboratory.
- l) Close and constant monitoring of all civil activities carried out by Contractors at site.
- m) Ensure conformation to project safety standards of Oil & Gas installations as per DGMS, OISD, CIMFR.
- n) Regular site supervision of projects. Ensure proper execution of jobs by Contractors.
- o) Keeping abreast with latest safety requirements of Oil & Gas installations.

VII. Skills and Experience of Contractual Civil Engineer:

- a) The candidates having command over the local language of Odisha as well as English will be given preference.

5.0 General Conditions:

- a) The contract can be terminated at any time by giving notice of 15 days, by either side.
- b) Candidates will be required to join immediately, if selected.
